ADDENDUM # 02

**This addendum clarifies and replaces information in
Addendum One previously posted.**

DRAINAGE

All bids shall account for proper drainage of surface water across the EPDM PIP Rubber Surface and the surrounding curb. Sumner County Schools will require water to not pond against the curb. Contractor will be responsible for the installation of subsurface work required to allow water that drains through the play surface to drain through the gravel base and into the ground. See the attached typical drawing.

ACCEPTED EQUALS

Provided any manufacturer can provide the same components arranged as shown in the original bid document drawings, and carries the same warranty, that manufacturer will be accepted as an equal.

ACKNOWLEDGEMENT of ADDENDUM TWO

I acknowledge the above-described addendum and the enclosed bid considers these items in terms of installation, bid price, and warranty of materials and work.
