Total Board supplements will be limited for any one teacher to 30% of the teacher's yearly salary based on the teacher's experience and degree level without Career Ladder or other supplements.

A teacher will not be assigned coaching or band responsibilities for which he/she is not compensated. All coaching and band duties will be after the in-school workday.

A teacher who is a coach or band director at one school may be employed at another school within the system. In such cases, the supplement will be allocated to the school where the teacher coaches or directs the band.
