- ❖ Checking Account: Use credits in your checking account to buy rewards.
- ❖ Entering Codes: Enter reward codes here to add them to your account(s).
- ❖ View Checking History: Keep track of credits awarded, rewards you bought and transfers between your accounts.

- ❖ View Savings History: Keep track of credits you've transferred to your savings account and the interest you've earned.
- ❖ Transfer Credits: Transfer credits to your savings account to earn interest. Transfer credits to your checking account to buy rewards.

Charities

Charities are created and maintained by LE. A student may purchase a charity reward. A charity certificate is then created and may be accessed via the **Charities** section of the student site. At the end of the year, LE donates money to the charities in honor of those who donated their credits to them.

Play

- Participate in auctions, challenge friends to a Food Fight or sharpen your math skills in Number Munchers.
- ❖ Auction: The auction provides a place for students to bid their credits on rewards in a traditional e-Bay-style auction where the highest bidder at the close of the auction is the winner. LE also runs system-wide auctions open to students from any school.

- ❖ Food Fight: Answer trivia questions to throw food at your opponent. Next time they log in, they'll get hit. Top players display on the leaderboard.
- ❖ Number Munchers: Use arrow keys to move around the board and press the space bar to munch the right numbers.

Shop

Shop available rewards and use your credits to buy. Click on the reward. Enter the number you want and click to **Buy This**. Credits are automatically withdrawn from your checking account.
