

How to Create a Free Email Account Using the Internet (Webmail)

Any individual over the age of 13 can create a free email account using most internet search engines. These email accounts are called webmail (or web-based email) and be created simply by going to the search engines website and registering for a webmail account. Listed below is a list of popular internet search engines that provide free web-based email. Just click on any one of the listed search engines below to create a free web-based email:

- Google: [GMail](#)
- Yahoo: [Yahoo! Mail](#)
- Microsoft: [Hotmail](#)
- AOL: [AOL Mail](#)

A more complete list and comparison of free webmail providers can be found by clicking [here](#) .
